

How to Enable Chrome Sync to Access Bookmarks on a New PC

1. Open Google Chrome on your current PC.
2. Click on the profile icon in the top-right corner of the browser window.
3. If you're not signed in, click 'Turn on sync' and sign in with your Google account.
4. After signing in, click 'Yes, I'm in' to enable sync.
5. To verify sync is enabled, go to `chrome://settings/sync` in the address bar.
6. Ensure 'Bookmarks' is toggled on in the sync settings.
7. On your new PC, open Chrome and sign in with the same Google account.
8. Chrome will automatically sync your bookmarks and other settings.
